

## Mail Lite® Tuff Extreme

The cost  
effective  
alternative to  
corrugated  
cartons

# Mail Lite<sup>®</sup> Tuff Extreme

Mail Lite<sup>®</sup> Tuff Extreme is a cushioned protective mailer that provides extreme product protection, the polyethylene construction protects the contents from water and outdoor weather conditions. Mail Lite<sup>®</sup> Tuff Extreme are also environmentally friendly, due to their single-material construction they are 100% recyclable.

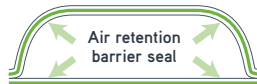

**77%** of E-Commerce consumers think the packaging that a company uses to SHIP TO THEM SHOULD REFLECT THEIR ENVIRONMENTAL VALUES.

## DAMAGE REDUCTION

Outstanding product protection

Mail Lite<sup>®</sup> Tuff Extreme is lined with extra large AirCap<sup>®</sup> bubble material which contains a special air retention barrier to seal every bubble against air loss for outstanding protection, safeguarding your products from shock and vibration.

## CUBE OPTIMISATION

Lightweight for postal cost savings

Mail Lite<sup>®</sup> Tuff Extreme mailers provide an alternative to traditional packaging and larger cartons, resulting in considerable savings in weight, packaging material and postal costs, without compromising on protection.

## FULFILMENT VELOCITY

Maximum fulfilment speed

Up to 5 times faster than packing in cartons, Mail Lite<sup>®</sup> Tuff Extreme mailers are ideal for online and e-commerce business' as they are fast and easy to use, reducing labour costs.

## CUSTOMER EXPERIENCE

Increase customer satisfaction

Mail Lite<sup>®</sup> Tuff extreme not only provide excellent product protection but also greater security, their construction makes them more tamper resistant versus a carton which can be easily opened and re-sealed.
