

Sterisol ORIGINAL Hand Cleanser

Properties

A gentle cleanser based on synthetic surfactants, for heavy soiled hands.

The product is gentle thanks to the following:

- Contains no preservatives
- Contains no colourants
- Contains no abrasives
- Contains no solvents
- All ingredients are carefully selected
- pH 6.5 - 7.0

Fields of application

The product is suitable for gently cleaning extremely dirty hands. At workplaces where workers are exposed to heavy soiling, it is important to use the mildest cleanser possible. You should therefore test this product properly before using products containing abrasives. The correct way to use this product is on dry hands. Must be used with dispenser, otherwise leakage may occur.

Ingredients

Aqua, Sodium Laureth Sulfate, PEG-7 Glyceryl Cocoate, Decyl Glucoside, PEG-4 Rapeseedamide, Glycereth-17 Cocoate, Cocamidopropyl Betaine, Sodium Chloride, Parfum, Citric Acid.
