

K-MOP 46

Vertical scrubber

The K-Mop 46 sets a new standard for scrubber-driers in its class. It is engineered for exceptional ease of use, featuring intuitive controls, agile handling, and powerful cleaning performance. Its versatile design excels in both narrow, confined spaces and larger areas like entrance halls, making every cleaning task simple and efficient.

- Customer centricity: With its intuitive, ergonomic design and wordless, color-coded interface, the K-Mop 46 requires minimal operator training.
- Handling: Two inclined disc brushes provide controlled propulsion for easy handling around obstacles, while the 460mm width makes it efficient for larger areas.
- Performance: Delivers impressive cleaning and unmatched suction, with a liftable squeegee for intensive, single-disc scrubbing power.

Accessories

- Disc brush red 230mm (2x)
- Squeegee blade Linatex
- FloorPro Cleaner CA 50 C
- Cleaning agent container

Working width	mm	460
Fresh- /dirty water tank	l	4/4
Runtime	min	~60
Charging time	min	80
Theror. area performance	m²/h	1.840
Brush pressure	kg	18
Weight	kg	24,5
Dimensions (L x W x H)	mm	430x550x1160
K-Mop 46 Bp Pack IoT	Connect module	1.783-479.0
K-Mop 46 Bp Pack	One battery	1.783-480.0
K-Mop 46 Bp Pack Plus	Two Batteries	1.783-483.0
K-Mop 46	Without batteries	1.783-484.0
